

HOW TO USE AN UPGRADE CODE

LOG INTO YOUR EARECKON USER ACCOUNT

Your **customer account** (used to purchase products from the online shop) and your **user account** (used to register and authorize your products) **are not linked** for more privacy and security.

Your customer account uses an email address as login while your user account uses a 'user name'.

REGISTER YOUR UPGRADE CODE

The screenshot shows the EAreverb SE website interface. At the top, a navigation menu includes 'HOME', 'PRODUCTS', 'SHOP', 'SHOWCASE', 'SUPPORT & INFO', and 'MY EARECKON'. The 'MY EARECKON' button is circled in red. Below the navigation is a 'Log out' button. The main content area features a sidebar with links: 'WELCOME', 'REGISTER A SERIAL NUMBER', 'FREEBIES FREE DOWNLOADS', and 'EAreverb SE'. The main content area has a dark header with 'EAreverb SE' and a search bar. Below this is a 'DOWNLOAD' section with a blue button 'DOWNLOAD EAreverb SE 1.0.0'. The 'UPGRADE' section is circled in red and contains the text 'YOU CAN PURCHASE AN UPGRADE CODE FROM THE WEBSHOP'. It features a text input field with the placeholder 'Please enter your Upgrade Code here' and a red button 'UPGRADE TO EAreverb'.

Once logged in, the 'LOGIN' button is replaced by the 'MY EARECKON' button. Please click on this button to access all your registered products.

Enter your **Upgrade Code** and Click on the "UPGRADE" button. A new product will then appear in your products list.

AUTHORIZE THE SOFTWARE (KEY FILE)

Once your serial number is registered in your eaReckon user account, and **as soon as your personal information can be (manually) checked by eaReckon**, a Key File will be available in your « MY EARECKON » page.

This authorization method is a faster and easier alternative to the Challenge/Response procedure.

Click on the '**LOAD KEY FILE**' button and select the previously downloaded key file.

By using the "key file" method, you do not have to enter anything in the plug-in (serial number, authorization code). Therefore, you do not have to register any Hardware ID on the website.
